“ So sorry to hear this news just the other day when trying to reconnect and get back to lodge. The news hit me like a ton of bricks. Roger was a dear sweet friend and true brother. I looked up to him because he was like a father figure to me. When I had pretty much no one in this world and felt so alone, he happily picked me up to take me to lodge. I absolutely loved his woodworking, being a fellow woodworker myself. I greatly enjoyed listening to his perfect vocal delivery of ritual work, it reminding me of Morgan Freeman. Haha. He so much inspired me to get my life straightened out and be a better man. I only wish I would have made time to just hang out with him and learn more from him. He touched my life at the deepest level of my heart and soul, and I am grateful and proud to have called him my brother. I will see you again some day friend, when it is my time to join you in Heaven, and we will enjoy and admire Our Creator's perfect handiwork in the Lodge not made by human hands. I love you.

“ Betty and family, We are sorry to hear of Roger passing. He will be forever in our Retread Motorcycle Group family. I love how you and Roger always cared for our kids. they were lucky to have grown up with an extended Retread family. Luke was always fascinated with Roger's train whistle and Hannah still shares the card trick that Roger taught her with family and friends. They cherish the Santa ornaments that Roger carved for each of them. Craig and I also have many memories of the two of you on your motorcycle going for rides. We were to happy to share some of those adventures with you both. We will miss him at the head of the table. You are all in our thoughts and prayers.
