“ *Mr. Pearman was my Physics teacher at Carthage Senior High back in 1972. What a great teacher he was and I learned a lot from his class - things that have helped me as I have gone through life.*

I just ran across this obituary and although this tribute is posted many years after Mr. Pearman's passing, I wanted to express my condolences to his family for their loss.

I was thinking back about high school and thought about Mr. Pearman being our bus driver. I looked up to see if Mr. Pearman was still living and came across his obituary. I think I just about drove him crazy, always trying to talk to him while he was driving. I had classes with Debbie in high school and sort of got to know his wife. Just wanted to say I'm sorry for your loss.

“ *Mr. Pearman would write geometry proofs on the chalk board in class. At the end of each proof he would write: Q.E.D. Which is an acronym for a saying in Latin. Quod Erat Demonstrandum. It roughly means because it was demonstrated. And that was the way he lived his convictions, by demonstration. He will be missed. Q.E.D.*
