“ My sincere condolences to the family. I used to work on his dads farm. He followed me around a lot as I was much older than him and a football player. Long time friend of the family. Dennis was a really really good young man. He will be missed.

“ *Just one of my many memories having known him from childhood was working on the family farm. We were baling straw and wanted to set the world record for the most bales of straw on a hay wagon. We loaded that wagon so high that when we got to the electrical wires crossing the driveway I had to get on the straw to hold the wires up in order to get under them. We did it in our eyes but father Jim had noticed that when we turned onto the highway the wagon nearly flipped. Our days of settling that record was over.*
