“ My grandpa taught me the importance of hard work and how important a trade was in life. My love of flowers and the country lifestyle came from them. I was so sentimental and saved everything in curio cabinets like my grandparents did. Including one of my prized possessions, the hand made curio cabinet from my grandpa for my first apartment when I was 21. My love from plants and random plant facts came from this man and my grandma. They were the best grandparents ever and I was so lucky to have them as long as I did and so grateful Opal got to experience my favorite place- Grandma and Grandpa Meisters magical land in the country ❤️ I spent many summers and holidays with them and am so happy my daughter got to experience this with us and grandpa the last 5 years. Grandpa, thank you for all you taught me over the years, the amazing furniture you hand made me, the hard work you in-stowed in me and showing me anything is possible❤️ you will be so missed. Opal will be checking the girls for you 🐣🐣🐣🐣🐣🐣

We will miss Ernal so much and all the good times we've had at his and Wilma's home. It was a special day when our son John married Julie and joined this family. He loved his In-Laws. Rest in peace Ernal ❤️
