“ I grew up next door to Gene in Jasper. Betty, his sister and I were the same age. We lived so close to the Eppers it was like we were in the same yard. Gene use to get a cat down from a tree for us. Our neighborhood was full of kids, so we had alot of playmates. Gene worked for the Webb Hardware forever even through high school and also until it closed. Gene was very active in the Jasper Methodist Church !! He was known to all and a very friendly person !!

Gene and I were in the same class at Jasper Elementary and High School, and we graduated in 1957. We also attended Sunday School and church together at Jasper Methodist as we were growing up. He was a very friendly and kind person. After my husband died he would call and check on me every so often just to see if I was okay. As a matter of fact, he called me one day last week. He will be missed.

Gene worked for both my Father and Grandfather for nearly 5 decades. He was honest, loyal, hard-working, and gifted with mechanical skills. Both my Father and Grandfather trusted him implicitly. Gene was a part of my life from a very young age, and a close friend of our entire family. He'll be missed by the Webb family and many others, and I extend to his family my sympathy and condolences.
