“ My deepest sympathy to my cousins in their loss of Harry. Such a fine husband, father, and brother to you all. My admiration for Harry was never diminished even by the difference in age, the few times we were together, and the distance that separated us He had the best of both of his parents in him and that's a lot of goodness.

“ Harry was one of the most admired Schreiber executives. Steadfastly professional, he was always kind and supportive to me as a young engineer, and as I made my way into SFI management. Everyone in the Schreiber organization respected him for his competency and overall knowledge.

*He will be missed by many.*

“ Harry and I grew up together north of Diamond, on Jones Creek. We were all poor back in those days and if one of us had a dime, we both had a dime. We shared most everything, including ideas of how to get into mischief. One New Years, we plotted that we would go swimming in Jones Creek. Now if you know anything about Jones Creek, you know how cold it is in the summer, let alone New Years. After plotting our greatest adventure in life, thus far, we jumped in fully clothed. We failed to plan, on what we were going to wear home. To say we almost froze to death is an understatement. He has always been a good friend, in good times and bad. God Bless all of you, my thoughts and prayers are with you. Kenneth Wayne Greninger.

“ Sad to see this . Harry was one of the best and most respected persons I've ever known .. We shared a passion for the STL Cardinals. He'd given me some Cardinal memorabilia through my Dad, many years ago when I was a kid ..He gave some to my son a few years back as well . He was there when my son passed and also when Dad and Mom passed .. I'll never forget that ..He and Marilyn have been friends of the family as long as I can remember . Thoughts and prayers for all his family and for all the friends he's touched .. He will be missed ..  
Rest in Peace
