“ *Janis felt like family the instant I met her. She always had a smile. I was her care giver for more than 9 years but she helped me in so many ways. I would be feeling down and she would seem to know. Her hugs made it all better. I miss her but I know where she is. She will always be in my heart.*

“ *I just wanted to wish my deepest sympathies, and have such fond memories spent with this special, caring lady and the time and love she showed both of my children. My thoughts and prayers are with the entire family. With time, there will be only fond memories and smiles.*
