“ *I'm sorry to learn about Jerry's death. If this is the same Jerry Carpenter who served with me in the 8th S&T in Germany in 1970 to 71. He was a great funny guy. Rest in Peace Jerry.*

“ *Jerry was my stepfather for many years. I know that he loved his siblings and his children very much and my heart goes out to each and every one of you. Sometimes loss feels like a missed opportunity. All we can control is our own reaction and choices and I hope his family finds comfort in the lovely moments shared during his lifetime. Sunday dinners with the family in Webb City, backyard barbeques and his love of Bruce Lee movies will always be remembered for me. Please accept my deepest condolences for your loss. My thoughts are with each of you today.*
