“ I was saddened to hear June had passed away. We all went to school together and you were good neighbors to my family. I will be thinking of your family as you say your farewells. Friend from earlier days Jack McCormick

“ Grandma I'm so very thankful for the time I got to spend with you. I'm so glad that as I got older we had a real relationship. You helped give me some of my biggest laughs. I miss spending the night with you and the conversations we shared. I will always cherish them. Love you so much more than I know how to express. My mom has been lost without you for the past several years. Please be her guardian Angel now.

“ June Bug will always hold a very special place in my heart. She was one of my very favorite residents that I have ever had the pleasure of caring for in my 20 years of caring for people. She was a great lady and was always making us smile and always trying to help. Work will not be the same without her there. You have my deepest sympathy and my heart goes out to her family in their time of sorrow. You are all in my prayers.
