“ Larry and I were close in the late 70's and 80's. He was so supportive and helpful in my work with the City of Carthage Recreation Department. He know so much about the community if I had a question, he could help. Even though we did not stay in touch much in recent years, we shared many great memories of those early days. Most of all, he was a very good FRIEND! My condolences to the family in Larry's passing.

“ Larry & I were good friends during our early years of being in the same grade in elementary and junior high. My last name beginning with FER and Larry's with FUL kept us close in line with one another. We were always separated by our classmate Rita Fitzgerald (FIT), which kept us busy by teasing her! Larry and I played Little League together and he was a much better player than me.

Larry was a good, hardworking man, and was a friend to many, many people. He will be missed.

Due to a previously scheduled medical procedure, I will not be able to attend the visitation or service, however all of the family is in my thoughts and prayers. God bless.
