“ *Grammy was my mom, even though she was really my Grandmother. She was the most wonderful woman in the world. She was as sweet as could be, and she always cared more about her kids and grandkids. She could giggle like a schoolgirl, our give wisdom of her ages. She was my home and source of peace. I love her with all my heart. I can't wait to see her again.*

“ *We are so sorry for the loss of one of the sweetest, loving persons we have ever met. Grandma was a wonderful person, and we will miss her greatly. One thing that brings me great comfort, something my dad (her son ronnie) believed in with all his being, and I as well is we will see both of them again in the ressurection hope that God promises all of us at, John 5: 28-29. Much love to all the family.*

“ *What I will remember most about my grandmother is her love of Gods creation and how to enjoy the simple pleasures of life. She had such a love for her family. You could see it in her eyes when her children, grandchildren and great grandchildren were around her. She treated each one of us as special and perfect just the way we are. I will miss her sweet voice on the other end of the phone saying "hi hun"! She instilled such wonderful qualities in her children, and those qualities have been instilled in each one of us in different ways. I think all of us "coles" have that same love of family and children that our Grandmother had. Also apparent is our love for animals. Her love truly touched our lives and will be missed. I look forward to seeing her again one day. On that day she will not be suffering and dealing with the physical pain she dealt with during her later years. There will be only be joy and happiness and our family will be together to enjoy eachother and the things we hold dear.*
