“ I met Trisha through a chat meet in Branson, Missouri and we hit it off right away. Another friend (my future husband) and her husband got along equally well. We got along so well with her and her husband that I asked Trisha to be my maid of honor at my wedding which she immediately agreed to do. Since then, we have had many good times and long phone conversations over the years. She was also my husband's favorite person to talk to on the phone until he passed from cancer. Unfortunately, now that I live in Texas I can no longer make the drive to her home like I used to do. My heartfelt condolences to her family. May she rest in peace.

“ We grew up together.... We got in a lot of trouble together 🤔 She loved to tell the story about my dad spanking us both when he caught us sneaking back in the window. I couldn't ask for a better friend. Her two daughters Amy and Kaylee are like my own daughters. Fly high dear friend!!!
