For you was the love of my life. So often people don't jump and see what the future would hold for two people. You came along one promise to late and for that my heart is broken. I must live with regrets when it comes to you My dear Shane. I love you and you are forever in my heart and I know that one day we will be together. I miss you dearly and I think of you often. My memories are what I hold onto. I wish there were more of them. I hate it that your life was cut short. In the end I knew how you truly felt about me as you left me with an ultimate decision for you. Im glad that i got to tell you that morning DITTO!
