“ My sweet sister, hearing this news broke my heart but I am at peace knowing that you are in a much better place where there is no suffering and no more pain. You were already an angel but now you will get you wings to soar high and free. It was such a honor to be your friend and have you call me sister. Our friendship has grown over all these years but you will always have and hold a very special place in my heart that no one can ever take away. I will treasure those memories forever and all the great little surprises you sent my way. Love you Kay. Again my thoughts and prayers go out to all the family and all of her friends for strength healing support and comfort. My sister you will forever live on through every one your beautiful life touched.
