“ So very sad to discover Terri is no longer with us. I only knew her via Ancestry.com messaging as we traded info in 2011 about the Griff & Eva Biggar family history. I recently made a break thru on the Biggar ancestors and I know she would have enjoyed learning about it.
My condolences to her husband and family and may the arrival of spring provide even more consoling memories of Terri's obvious good humor and zest for life.

Steve Tracy

PS: If anyone in her family is carrying on her interest in the genealogy of her Biggar ancestors, I would enjoy trading notes with them. My email is sctracy1946@gmail.com

Thanks - and my sympathies.

“ Terri I will never forget how you and Mike came to my rescue when the kids had that wreck. I know you were uncertain about taking care of an infant and a toddler. But you came thru for me. At that time I didn't know what to do, who to call, but you came to my rescue!

“ Although we never had the opportunity to meet face to face, Terri was someone I would chat with weekly on Facebook. Discussing our goals, dreams and successes. She was not part of my team but she was definitely part of my Plexus family. She was a joy to work with. Amazing personality, full of love and a much needed light in our crazy world. Her passing has taken a huge toll in our company and she is greatly missed already. My deepest condolences to the Phillips family, much love and prayers for comfort, peace and complete healing as you all learn to live life without this wonderful lady ❤️

“ I had known Terri for about 5 years, but in the last two years we had become close. We would talk to each other almost every day, call or text and saw each other at least once or twice a wk, doing this and that, going somewhere, sharing talks, patriot videos etc! She was full of spunk, a hoot to talk to, we shared life experiences, she was a wonderful mom to her kids, loved them dearly and they were her world. She loved her Plexus and got us into it. She was always willing to help in fact she help me with the garage sale I had just recently. I will miss her so! Her birthday was coming up Soon,I had been thinking about what I was going to get her. We shared a lot in such a short amount of time I felt like I knew her forever. You will be missed sister, and I'll see you when I get there!

“ Oh how she made me smile and you could just feel how much she did care about you. You NEVER knew what would come out of her mouth - so you better be prepared. But you would always laugh. She would always say, “I’m higher than groceries!!!” when she was happy. She was, Terri - no one else like her by far. Randy, Taylor and I will miss this girl❤️

I meant Terri when she came to work at Aaron’s Automotive in Joplin. She was a very hard worker. She is a person that made the job fun. Hanging out together was fun. And yes, you never knew what was going to come out of her mouth. She always had a comeback. We remained great friends throughout life. My heart goes out to all her family. Fly high Terri. You are greatly loved and greatly missed. ❤️❤️❤️
